

**LET'S EMBRACE  
TOGETHER**

**Gateway to  
Smart School**

**YOUR GROWTH  
STARTS HERE**

# WELCOME TO EMBRATE

## OUR VISION

We at Embrate Technologies have the aim to expand the boundaries of the possible & bridge the gap between education and technology. We focus on empowering educational institutions and relieving them from all the worries of the administrative process so that they could just focus on delivering high quality education.

Embrate takes care of all the administrative tasks & assists in repetitive resource intensive activities through seamless automation, to help get the entire job done in a few clicks.

Our mission is to transform a school into a smart school through quick communication, transparent operations & flawless administration.

We dream of reshaping the educational infrastructure to provide the best learning environment for our children.

The feature of Mass mailing and SMS gives the school a flexibility for broadcasting any information to parents, staff or anyone related to the school.

# PRODUCT HIGHLIGHTS

The most comprehensive, advanced and all-in-one portal for smart school management.

## SaaS PRODUCT

Software as a service (SaaS) is changing the way organizations work. Your data is stored securely in the cloud and is accessible on any device from anywhere around the globe. There is no costly hardware or installation overhead and everything can be operated with a simple internet connection. As the software is cloud based, there is no fear of data loss. All these together are influencing organizations to switch from on-premise solutions to cloud based solutions where they can easily rent services & enjoy a worry free life.

## PRICING MODEL

We operate on a pay-as-you-go model with no upfront setup cost. There is no hidden cost or surprises, you just pay a monthly or annual subscription fee for service usage. Your cost is based on the number of students you have and it starts as low as 2.5/- per student per month. With such a low price we are also offering android application at no additional cost. Just give it a try and you will certainly fall in love with it.

## Your DATA is SECURED Here!

Safeguarding your data while maintaining it's privacy and integrity is our top priority.

### Security

At Embrate, security and privacy of your data is our top priority. Your data is kept encrypted and secured to prevent from any cyber attacks. Embrate supports user authentication and access control mechanisms to selectively grant permissions to users and groups of users. Data transfer is secured via SSL endpoints using the HTTPS protocol.

### Durability & Data Protection

Your data is continuously backed up and necessary safeguards are placed to protect it against malicious or accidental deletion. Data is replicated into multiple regions to sustain any kind of failures including natural calamities. Proper verifications are placed to ensure integrity of your data and avoid data corruption while storing or retrieving it.

### Reliability

Our system is architected to be self-healing, resilient and able to quickly recover from failures. This ensures high availability of the product to meet the demand of your institute anytime and anywhere in the world.

### EMBRATE'S CORNER

The idea of Embrate is not just providing a software but a solution. It is a step to reformulate the routine and breaking into the necessary, There are no traffic jams along this extra mile because we are just a 'YES' away from easing out your worries related to school management. Your every step in the journey with Embrate is understood and cared because we are in this together.
